

**Up to \$2,000  
within 45 days!**

## ***Water Conservation Grant Program***

*"We want to Partner with You"*

**Get a grant to save money on water costs!** Your business can improve its cash flow while supporting the economy, Ft. Huachuca, and the San Pedro River.

**Who's eligible?** Any business in the Sierra Vista Subwatershed (including Sierra Vista, Bisbee, Tombstone, Naco, Huachuca City and the unincorporated areas).

### **How do you get started?**

- Call a friendly Water Wise Specialist at 458-8278 x 2150 and make an appointment for a complimentary on-site visit.
- Decide what you want to replace or install. With your input, the Water Wise Specialist will offer recommendations and together you will figure out how you can save water and money.
- Fill out an easy, one-page application.

### **Grants help you:**

- Replace older toilets with newer ones.
- Install waterless urinals.
- Replace outdated commercial washing machines with water efficient ones.
- Install cartridge filters for swimming pools instead of sand filters.
- Remove costly turf or install an easy Xeriscape.

There are many more options to choose from. Call a Water Wise Specialist today!

**There's more!** If you get a grant, the Upper San Pedro Partnership will publicly acknowledge your business through press releases. USPP wants your customers (and potential new ones) to know you helped to preserve the San Pedro River, support Ft. Huachuca and protect the economy by taking action and saving water. Everybody wins!

*The Water Conservation Grants are funded by the Upper San Pedro Partnership and are administered in cooperation with the Water Wise Program of the Cooperative Extension of the University of Arizona.*
