

Desert Horticulture 2009 Sponsors

Desert Horticulture is an annual conference for all members of the Green Industry: landscape architects, designers, growers, retailers, contractors, maintenance personnel, and suppliers. Our goal is to distribute timely, research-based information relevant to urban landscapes in the arid Southwest.

Desert Horticulture 2009 will be held on **Friday, May 15 at the Tucson Convention Center**, in downtown Tucson. More than four hundred people attended in 2008, making this conference one of the largest in the Southwest. We have offered simultaneous Spanish translation for the maintenance session since 1995. Topics this year include:

- 👉 Urban Forests and Climate Change
- 👉 The Sustainable Sites Initiative
- 👉 Tree Roots – 2 presentations
- 👉 Cycads in Southwest Landscapes
- 👉 Business Plan Basics
- 👉 Biotic Landscape Problems

We depend on sponsors to keep our registration costs again affordable at \$45 while providing attendees a lunch and the best possible program. For additional information contact Ursula Schuch (ph. 520-621-1060 or ukschuch@ag.arizona.edu) or visit <http://ag.arizona.edu/deserthort/>
