This year's theme is *Red, Blue, & Bold and we are Bold!* Based on last year's overwhelming positive response to our "back-to-school" program we are once again offering a special course by **Dr. Ann Mastergeorge who will present her research findings on "Early Signs and Early Intervention in Autism: What Parents Need to Know."** Make plans now to join us for this very special event! At the luncheon, Norton School undergraduate students will share their exciting summer internship experiences, followed by the Alumni Awards Ceremony.

A very important part of our role as Council members is to raise scholarship money to support Norton School students. Last year, with your contributions and a \$2,000 match from the UA Alumni Association, we awarded six \$1,000 scholarships. With the increased tuition and fees, these scholarships make a significant difference in the ability of the recipients to reach their educational goals. Please consider a contribution by enclosing a donation with your registration form.
