

Teen Council:

This county program is for teens, ages 13 - 19 years of age. We encourage parents and volunteers to attend our meetings and help lend positive thoughts, ideas and support. This group of Pinal County teens have regular meetings in various areas of Pinal County. The teens enjoy working on interstate exchange programs, planning how they can help out the 4-H program at various events and activities while learning about county/state/national teen opportunities. This council enjoys pizza, bowling, swim parties and more. Join us!
