

Hello School IPMers and interested others,

Many of you are very busy with the work brought by warm weather and end-of-year school business, so we'll keep May's monthly update to a quick reminder about the Coalition meeting Tuesday June 6th. Please see attached information for meeting details and agenda.

Please RSVP with Dawn or Jen if you have not already. Formal invitations for the meeting will be sent out next week by the Arizona Pest Management Center (Al Fournier, University of Arizona).

Thanks all and have a great weekend!

Dawn and Jen
