

aware of and use some IPM-compatible weed management practices.

The groundwork has been laid for more extensive adoption of IPM in California schools. DPR will continue to assist schools by offering hands-on IPM training workshops and IPM resources, such as the SIPM Guidebook and web site, [www.schoolipm.info](http://www.schoolipm.info). The entire 2004 school IPM survey can be found on the school IPM Web site at <http://www.cdpr.ca.gov/docs/pmap/schoolipm.htm>.
