Welcome to the University of Arizona Cooperative Extension Program Planning and Evaluation website!

Mon, 07/06/2009 - 12:15am — admin

Program planning is an ongoing process that includes:

- Assessing clientele needs,
- Determining desired outcomes, and
- Designing and implementing a plan to reach those goals and document impacts.

This website provides basic tools and concepts, specific examples, and links to in-depth resources to support evaluation program planning and evaluation.
