Platinum Sponsor:

Bruce Vincent, a hero of the wise use movement, grew up in Montana where his family has lived since 1904. Vincent went to college like his logger parents wanted - they were told it would be "their fault" if their son also grew up to work in the forest. After an undergraduate degree in civil engineering and a masters degree, he returned to Montana to become a logger because he loved the work and the place. He is committed to the uphill fight to keep America’s resource economy strong. Bruce Vincent’s presentations are filled with humor and compassion. He is president of Communities for a Great Northwest and Alliance for America. In addition to appearances on McNeil/Lehrer Hour and 60 Minutes, he has won awards for leadership and achievement in the natural resource industry. You will not go away untouched by Bruce Vincent’s humanity and passion.

A one-day conference for inspiration, coaching & networking followed by a social event to continue the networking.
