As we all know, water in the Southwest is very precious and we all need to pitch in to keep our lives and economy healthy.

The University of Arizona Cooperative Extension’s Water Wise Program has been helping with water conservation for over 15 years!

Program areas include:
- **Water Wise Youth**: focuses on school aged students,
- **Water Wise Residential**: assists the residential community,
- **Water Wise Industrial, Commercial and Institutional**: assists the business community,
- **Water Wise Energy Smart**: works exclusively on Fort Huachuca.

Water Wise is recognized by Cochise County, the City of Sierra Vista, Ft. Huachuca and the Upper San Pedro Partnership as a critical component of their water conservation efforts.

**But we can’t do it without your help.**

---

**As a supporter of Water Wise...**

- You are helping Ft. Huachuca keep the economy strong by meeting its water conservation goal,
- You are helping to protect the San Pedro River,
- You are a wise user of natural resources,
- The community will know you are doing your part because we will publicize your name.

There are many outreach materials that Water Wise produces. Water Wise distributes over 10,000 materials annually to residents in the communities of Sierra Vista, Bisbee, Hereford, Huachuca City, Tombstone and all the unincorporated areas in between. **Your name could be on some of these publications** (you can choose to be anonymous if you wish).

If you would like to help support Water Wise, choose the level of sponsorship that is best for you.

**Your sponsorship is tax deductible to the fullest extent of the law.**

Thank you for considering our sponsorship request and for helping Water Wise remain a strong water conservation educational program serving our community.
