Frequently Asked Questions about the Conference

How will I get the link to the conference and the presentations?
Participants who have registered and paid for the conference will receive a message on the email they provided with their registration shortly before the conference opens. They can then sign in to the conference website and access the presentations.

Will presentations be live or pre-recorded?
All talks are prerecorded.

How long is each presentation?
Presentations are about one hour long.

When and how often can I view the presentations?
All presentations can be viewed from May 29 at 8 am until June 4, 2020 at 5 pm. You have 7 days to view all conference presentations at your convenience. We understand that there is a limit how many presentations a person can watch in one day and learn the information. The 7-day-window accommodates all schedules and allows repeat viewing of a presentation if necessary.

How do license or certification holders earn Continuing Education Units (CEUs) from the Arizona Department of Agriculture Pest Management Division (ADA PMD) or the International Society of Arboriculture (ISA)?
Participants who are license or certification holders and want to earn CEUs need to pass a quiz for each class per ADA PMD and ISA requirements. The quiz will be taken at the website after watching the presentation and is linked to each registered participant. These quizzes are only for CEU’s not for obtaining a new license or certification.
