Eyeball to eyeball with a bee...

If bees are checking you out

1. Stop still!
2. Cover eyes with hands
3. Look through fingers to locate nest or swarm
4. Walk away from the bees slowly, keeping hands over face.

Bumped or stung by bees

If you have been stung

1. DO NOT SWAT!!! DO NOT PANIC!!!
2. Cover face and head with clothing or hands
3. Run into a home or shelter
4. Do not dive into a pool
5. If out in the open run at least the length of two football fields
