Charlcie’s Corner:

Yavapai County 4-H Achievement Night was held Friday, November 10, 2000 at the Cottonwood Elementary School Multi-Purpose Room. A list of award recipients can be found inside this newsletter. I would like to take this time to offer a special thanks to the Cottonwood Clovers 4-H Club Leadership Project for setting up the facilities for this event. Miranda Chavez, events chairman deserves a special round of applause for her key organization skills.

I was deeply touched by the show of support towards me by several of our community clubs. I was presented with a beautiful bouquet of roses (which are in the process of being preserved) and a gorgeous western-style watch! I will treasure these gifts always. They serve as a reminder to me of how really very special our Yavapai County 4-H family truly is. Again, thank you and congratulations to all our award recipients. You are all, for me, the “wind beneath my wings”!

Yavapai County 4-H Joins ADOT Adopt-A-Highway Program!

Finally! Perseverance pays off! Yavapai County 4-H Clubs have been awarded the area on Highway 89 in Chino Valley between mileposts 329 and 330. Our sign, denoting our area, should be up soon. Our goal is to have club members *(12 years and up only)* and leaders maintain our area *at least* six (6) times per year. More often would be great! I have been told that if our participation in the program warrants, Yavapai County 4-H may be recommended for a Governor’s Award for Community Service. Wouldn’t that be wonderful?!

Our plan is to have clean-up efforts scheduled in January, March, May, July, September, and November. Clubs that are interested, should fill out the registration form below. Keep in mind that a *minimum of 10 individuals* should sign-up for each clean-up. Small clubs can be teamed with members of other clubs to make up any deficiencies. Here is a superb opportunity to complete Community Service Requirements, while giving the Yavapai County 4-H Program the year-round visibility it deserves! *(Note: Viewing a safety video is a prerequisite for participation.)*

Take a Puppy and Turn Him into a Pal
Guide Dogs for the Blind Puppy Raising Program
By Norela Harrington

Have you seen them? Those dogs that turn up everywhere in their green jackets? In restaurants? At the grocery store? At the library? In Wal-Mart? They are the puppies being raised by students, adults, and families for Guide Dogs for the Blind in San Rafael, California.

Puppies are received when they are around eight weeks old, and it is the raiser’s job to teach this cuddly, clumsy creature house manners. This will be an important job because his blind partner needs a dog that knows how to behave in the home. When the puppy is reliably housebroken, it is the puppy raiser’s responsibility to socialize the puppy. This process begins slowly and thoughtfully and as the raiser and the puppy gain confidence, more and more experiences are undertaken. Puppies must climb stairs, walk over grates, and any other surface. They must be able to walk in the store next to the meat counter, ride an elevator, or hop on a bus.

Guide Dogs provide staff and a manual to help you with this process. They have done extensive research and have many helpful insights to help you raise a working guide - someone’s eyes.

Raising a puppy takes real dedication. One of our 15 year-old young women raisers commented, “If having a child is anything like this, I am not going to [have a child] for a long time.” It is a project that will effect the entire family. The puppy arrives needing care, training, and bushels full of patience and love. He responds with his love and devotion. It is one of those amazing things where even though his stay with you will be relatively brief, the ramifications can literally change someone’s entire world. No act of kindness is ever lost.

If you would like more information about raising a puppy, please call Norela Harrington at (520) 634-3366.
