A 4-H Garden
In my garden I would first plant four rows of Peas:
Preparedness...Promptness...Perseverence...Politeness.
Next to them, I would plant three rows of Squash:
Squash Gossip...Squash Criticism...Squash Indifference.
Then I would plant five rows of Lettuce:
Let us be loyal...Let us be faithful...Let us be truthful...Let us be unselfish...Let us love one another.
No garden is complete without Turnips. Mine would have:
Turn up for meetings...Turn up with a smile...Turn up with a new idea...Turn up with determination.

Why Poultry?
Did you know that poultry is the most profitable small stock? Chickens come in all sizes, colors, and shapes. They can be used for meat, egg, show or just fun at a fraction of the cost of large livestock.

Poultry take up very little yard space and are easy to care for. They make great pets too! If you think you might be interested in a Poultry Project or just want to know about chickens, the Cornville Lucky Layers is for you! Contact Melody Hardwick at (520) 643-4303. Let’s talk!

Editor’s Note: Melody is right! If you find you are interested in poultry and don’t live in the Cornville area, check with your local 4-H club or call the 4-H office for more information.
